Among the 22 real-life players, 16 will be making their debut in FIFA 22. Further, 20 national teams from every confederation will be making their debut in FIFA 22. New in-game feature: "Time Machine" Players can now re-live the last seconds of a match up to five times. Use the "Time Machine" to replay any point in a match, regardless of whether the ball has crossed the goal line and a goal has been scored or a goal has been saved by the goalkeeper. To access the Time Machine, click the "Time Machine" button on the UI or in menus. Viewable referee's assistant An additional four cameras, including one behind the referee, are now available. The video feed from the four cameras will be visible to the Referee's Assistant who can also download footage of previous goals and post match awards via the "Match Highlights" button on the main menu. Motion capture-enabled "Grappling" In addition to the new "HyperMotion Technology" on the pitch, the game has been updated with new "Grappling" features. Experience more emotional interactions during a match - and get involved in the action when players engage in hard, close-quarter physical play. New gameplay mechanics and AI enhancements In addition to "HyperMotion Technology," a new dribble system has been implemented, adding increased control and unpredictability to ball control. New tweaks to player control have been implemented, introducing player agility. Key Gameplay Changes A new dribble system enables players to drive the ball more quickly and with greater control Player movement has been re-tuned A new 'Grappling' feature allows players to push other players off the ball The AI now anticipates and reacts to taking touches Multiple animations, surfaces and goalkeepers have been added Players can now be fouled off the ball Players can now dribble one on one with the goalkeeper Dynamic off-ball situations have been added to assist players when pressing the ball high in the opponent's half Players can now get back on their feet after tackling the ball carrier New International Teams Created by Dejan Lovren in partnership with BBC iD. The Borussia Monchengladbach star has never featured for Croatia and he also made just one appearance for the national team in a friendly match against Spain in 2012. In

Fifa 22 Features Key:

- **FIFA 22** - Unlock the new ways to play.
- NEW GAMEPLAY MEETS FUTURE TECHNOLOGY
- CREATE YOUR OWN CLUB: Every journey begins with a club, and this year you'll take your squad on the road with a whole new club builder, introducing transfer, squad, manager and manager roles.
- DYNAMIC TELEMETRY: A huge upgrade to Ball Control gives you unprecedented control over exactly how the ball feels in real-time. NEW MOCK-UP: Every player in the game has been rendered with super-realistic, yet highly-detailed, 3D feet and hands. Every touch, slide, cut, and lob is defined and replicated so critically as to be physically impossible. Simply put, football has never been better recreated.
- GEOGENIC BRANCHING: The soundtrack you hear on the field is determined by where you are on the globe: weather, time of day, day of the week and more factors affect the musical styles in different territories around the world
- FERROLIS: It's more than ever about goals! Tackles, challenges, headers, goal scoring, powering runners and even goals from distance are all in the game.
 - ENGINEER THE GAME TO SUITE YOU: What do you want to see from your game? Get more control over the characteristics of the game by adjusting key match dynamics like pitch surface, fatigue levels and stadium effects.
 - DARK NIGHT MODE: The notorious Black's Night replaces day with a pitch and stadium lit only by the stars. Play here if you want to take matters into your own hands.
 - DYNAMICS PACK: Dynamic Weather also adds a number of new and unique weather effects and modifications that are unavailable in the default dynamic weather. Dynamic pitch comes standard to all FIFA modes, and Dynamic Ground, Dynamic Atmosphere and Dynamic Weather conditions can all be enabled to unlock further enhancements including Green Grass Effect, Darkening of the Stadium, Rain, and Snow.
